LAURA A. FORTMAN  
COMMISSIONER

MICHAEL ROLAND  
DIRECTOR

May 21, 2019

Stephen Eldridge, Town Manager  
Town of Berwick/ Berwick Fire Department  
11 Sullivan Street  
Berwick, ME 03901

Inspection Number: 1384505

Dear Stephen Eldridge

The Bureau of Labor Standards completed an inspection on 03/05/2019 in which workplace conditions were found that violate Occupational Safety and Health rules. SEE: Title 26 MRSA Chapter 6; 29 CFR parts 1910 & 1926. The unsafe conditions identified are listed in the enclosed citation document attached to this report along with the reference to the applicable Safety and Health standard or regulation that applies. All unsafe condition(s) identified must be corrected by the abatement date indicated on the report.

The enclosed citations will become a final order within fifteen (15) business days from the day it was received, unless you request a penalty discussion or file an appeal (see employer options) within the specified time frame listed above. The total amount of the proposed penalty for the citations(s) is \$3,500 payable to the "Treasurer, State of Maine".

**Employer options (within 15 business days):**

*Informal Conference:* Within fifteen (15) days of receipt, you have the option of meeting with the Bureau Director or their designee, to present any evidence, which you believe would support an adjustment to the citation(s) and/or penalty(ies). Please keep in mind, an informal conference does not take the place of a written request letter for a penalty discussion or formal appeal. An informal conference is not required and does not need to be in writing. If you choose to request an informal conference, it is highly recommended to call our office to schedule this informal conference, as soon as you get this report. The informal conference does not delay or replace the contest time period for the two options below.

*Penalty Discussion:* If you intend to correct all hazards identified and wish to work with the Workplace Safety & Health Division to possibly reduce the penalty amount, you may request a "Penalty Discussion", in writing within fifteen (15) days of receipt of this report. (We will contact you to have a penalty discussion after receipt of the completed "Abatement Certification" form). This discussion will pertain only to the penalty(s) and not the violation(s). All proposed penalties will be stayed until after the penalty discussion.

Or

*Formal Appeal:* You may file a formal appeal of any citation, abatement date, or penalty within fifteen (15) days of receipt of this report. Please be specific as to what citation(s), abatement date or penalty you wish to appeal. If a request for a formal appeal is received, the Director will set a time and date for a "hearing" with the Maine Board of Occupational Safety & Health (BOSH). All proposed penalties will be stayed until after the formal appeal is heard.

As the employer, you must respond in writing to the Director of the Bureau or their designee, at the address above, within fifteen (15) business days of receipt of this report stating what option you intend to choose toward correction of the hazards. If no response is received within that time frame you accept all citations, dates of correction, any penalties assessed and the citation report will become a final order. We strongly recommend that any correspondence be sent by certified mail. Failure to correct violations may result in additional penalties of up to a \$1000.00 per violation, for each day hazards are not corrected.

#### **Extension of Abatement Date(s):**

An employer may ask for an extension of an abatement date. The request must be in writing and received prior to the assigned abatement date. Please be specific as to the citation(s) you are asking an extension for and the reason for the extension.

#### **Dates to Remember:**

- Respond in writing, to the Director or the Bureau within fifteen (15) business days of receipt of this report indicating what option you choose.
- All citations must be corrected by the abatement date listed on the citation page(s) of this report.
- Once the hazards have been corrected, the completed "abatement certification form" included in this report must be received by the Bureau within ten (10) business days after the citation abatement date.

#### **Posting Requirements:**

The law requires that a copy of this Citation and notice of penalty be posted immediately in a prominent place at or near the location of the violation(s) cited herein, or, if this is not practicable because of the nature of the employer's operations, where it will be readily observable by all affected employees. This citation must remain posted until the violations(s) cited herein have been abated.

#### **Employer Discrimination Unlawful:**

The law prohibits discrimination by an employer against an employee for filing a complaint or for exercising and rights under that Act. An employee who believes that he/she has been discriminated against may file a complaint no later than 30 days after the discrimination occurred with the Maine Department of Labor, Bureau of Labor Standards at the address above.

The statutory authority for this order is established at Title 26 MRSA, sections 44, 44-A, 45, 46 and 565 et seq. anyone having questions regarding the enclosed citation(s) or your fifteen (15) business day options may contact the Bureau of Labor Standards, Workplace Safety and Health Division at (207) 623-7923.
